In the matter of MURDER BY EXPLOSIVES - PALMISANO, AUGUST, BN. 8-26-28
To KENNETH HAGOPIAN OF 1319 N. JACKSON ST. #335

Sir: Inspector of Detectives

On Friday, June 30, 1978, at about 8:50a.m., August PALMISANO got into his 1977 grey Mercury Marquis, 4-door Sedan, which was parked in the lower garage of the apartment complex located at 1319 N. Jackson St. The car was parked in Stall 33, facing south.

It is believed after August Palmisano entered his automobile he turned the ignition switch, causing an undetermined amount of explosives which someone had placed under the hood of his automobile against the fire wall, to explode, causing his instant death.

A short time later the Fire Department responded and found the automobile engulfed in flames. After extinguishing same, found the charred body of Mr. August Palmisano. At the time of the explosion there were twentyone automobiles parked in various sections of the lower garage belonging to the tenants of the apartment building. Eight of the autos were damaged from the concussion caused by the explosion. There were no people in the garage other than Mr. Palmisano at the time of the explosion.

Mr. Palmisano was the licensee of Richies on Broadway, 346 N. Broadway. It is also known as Palmy's. Mr. Palmisano lived alone in the building and has done so for the past three years. He has a wife living at 5358 N. Kent St., Whitefish Bay. He also has a son named John living in Apartment #106 at 1319 N. Jackson St. John was interviewed and was uncooperative.

We went to Mrs. Palmisano's home located at 5358 North Kent Avenue in Whitefish Bay. At this time we knocked at the door and were greeted by two teenage children. We informed the teenage children who we were and identified ourselves and informed them that we would like to speak to Mrs. Palmisano. At this time one of the teenage children went to what appeared to be in the kitchen area and talked to someone unknown to us. A few minutes later a woman came to the door and stated that she was Mrs. Palmisano and what did we want. We identified ourselves and showed our identification and at this time we informed her that we would like to talk to her. Mrs. Palmisano stated to us "Why". At this time we informed her that this is part of our investigation, it is merely routine but nevertheless it is part of the investigation that we do have to complete. Mrs. Palmisano then stated to us, "I don't think I want to talk to you" and walked away. At this we thanked Mrs. Palmisano and left her home. Report filed by William Marek.

At 6:25PM, while continuing our investigation and in the area of Commission Row, in front of 331 North Broadway we interviewed the laborer who was working at one of the produce firms. On Fri., 6-30-78, at 9:20a.m., we were dispatched to investigate a fire at 1319 N. Jackson St. Upon our arrival we were directed to the 1300 block of N. Jefferson St., where a uniform squad and several pieces of fire equipment were parked. At this time we were informed by Squad 15, Days, Police Officer Thaddeus Makowski and Robert Drakos, that there had been a n explosion in an auto in the basement garage, which caused a fire in the same auto.

We, Detective Ronald Weiskirch and Joseph Brown, proceeded down the ramp and entered the damaged 18' overhead door which exits onto N. Jefferson St., and observed a 1977 Mercury sedan, completely destroyed by an explosion. The explosion appeared to have originated by an explosive device which had been placed between the motor and the fire wall on the driver's side of the auto. At this time we also observed the charred body of a white male seated behind the steering wheel of the auto. The auto was marked in Stall #33, facing south in about the south center of the building. Assistant Medical Examiner David LIVINGSTON was also at the scene at this time and pronounced the charred victim obviously dead.

At this time the entire garage was filled with heavy smoke and the center of the floor was flooded due to the sprinkler system and also holes in the water pipe caused by the explosion. This flooding was also due to the water used by the Fire Department to extinguish the fire in said auto.

Many of these autos were damaged by flying debris and concussion. A complete listing of the autos, owners and license plates, including the stalls assigned will be documented in another report.

At this time, Detective Ronald Weiskirch was approached by First Battalion Fire Chief Thomas KONICKE and Lt. Gale Le FEBVRE. Lt. Le Febvre had in his possession a damaged Wisconsin License plate which was in 2 pieces. The number listed on the plate was K84-442. He stated that it was apparently the front plate of the victim's auto as it was found approximately 4' east of the damaged auto's left front door.

A check with the Department of Transportation revealed that this plate was listed to August S. PALMISANO of 5358 N. Kent, Whitefish Bay, Wis., on a 1977 Mercury, 4 door, VIN #7Z62S565468. The 1977 Mercury sedan, which was damaged in the explosion did not have rear plate.

face and neck area. There are 4th degree burns to the scalp (burned to the skull), second degree burns to the chest and shoulders, second and third degree burns and heavy charring to the right side under the arms and back, second and third degree burns and light charring to the left side under the arms and back. The center of the back has only light heat damage to the skin. There is a 1/2" long by 1/4" wide elongated hole in the left lower stomach area. The face is burned beyond recognition.

Upon commencing the autopsy by making a Y incision in the rib cage and cleaning the stomach area of the body, Dr. Chesley Erwin, observed a 1-1/2" by 1-1/2" hole in the lower left stomach area. He then felt in the body cavity and removed two metal fragments. One is silver, 6x5x1 or 2mm in length and it was found in the Mesentery (tissue to which the bowel is attached). The other one is silver, 12x7x1mm and was found in the left pelvic area. Dr. Erwin stated upon examination of these metal fragments, that they do not appear to be casings from a shell and they do not appear to be fragments from a bullet. He states that they were probably made by some part of the car entering the body after the explosion. Dr. Chesley continued with the autopsy and upon examining the internal organs, stated that he found a lacerated liver, lacerated left kidney, and lacerated spleen. He further states that there are holes in the bowel possibly from the metal fragments which he found in the body

cavity. He states that the cause of death is extensive burns, fractures, and other injuries from an explosion (bomb blast). He states the approximate time of death was the time when the bomb was exploded at 8:50AM 6/30/78 and death was instantaneous. The autopsy was completed at 5:30PM.

Dr. Chesley Erwin placed the two metal fragments in a small white pill box filled with cotton, taped with white adhesive tape and marked in his handwriting with the medical examiner's case number, 1311, the date of 6/30/78, and signed it the initials "C.P. Erwin, M.D.". This was turned over to me and was later inventoried as evidence on inventory #625699, Item #2. The aforementioned burned remains of the clothing the victim was wearing, namely the man's green trousers, the black leather belt, white tee shirt, white shirt with blue and green pocket dots, black socks, white jockey shorts and brown leather shoes, were turned over to me and later placed on inventory #625700 as evidence and are presently in the drying room on the 4th floor of the Detective Bureau. Dr. Erwin also turned over to me as a glass bottle containing blood samples of blood taken from the victim, August Palmisano.

This bottle was sealed with white adhesive tape and red sealing wax and were marked by Dr. Erwin with the date, case number, his initials and name. This was later inventoried on #625699 as Item 1, and the bottle containing the blood is presently in the refrigerator in the B of I. Dr. Erwin also turned over

This rubber bag contained debris, partially burned clothing and fragments of the clothing and car, and other debris. This was placed on inventory #625701 as evidence for later comparison and examination by the members of the Bomb Squad.

The body of August Palmisano was conveyed from the scene by Community Ambulance Service, 1845 West Lincoln, 645-5515, by attendants Larry Harvey and Thomas Meiller, and was admitted to the Morgue on 6/30/78 at 2:15PM and was accepted by Assistant Medical Examiner, David Livingston. Due to the body condition, namely being partially blown apart, burned beyond recognition, the hair on the head and pubic area was completely burnt off and I was unable to obtain any head hair combings, head hair pluckings, body hair combings, body hair pluckings, fingernail scrapings and cuttings, urine samples, stomach contents, vaginal samples, rectal samples and oral samples. (276-2166). Mr. OTTO related the following: He parks his auto in stall #32, which is directly next to the victim's stall, being stall #33. He stated he left for work at 5:30AM, on June 30, 1978, and at this time he noticed the victim's auto was parked in stall #33. He stated he knows it was the victim's auto because he had seen it there on many occasions and it was a large full size Mercury. He stated he observed at this time that two front doors on the auto were locked and their right rear door was locked. However, upon looking closer, he observed that the left rear door was open. He stated it was usual for the left rear door to be open and the other three to be locked. He has observed the victim's auto on numerous occasions and three of the doors would always be locked and the right rear door was always open and unlocked. He stated he knew the victim from just seeing him around the apartment building. He did not know him personally. When he left at 5:30AM, date, he did not notice anything unusual in the garage or around the immediate area of the apartment building.

for Palmy's Tavern (formerly Ritchie's on Broadway) 346 North Broadway, 278-9477. Regarding this offense, he stated that on Friday, 6/30/78, at 2PM, he closed the tavern at 346 N. Broadway and stated

his father, the victim, August Palmisano was with him. He stated they cleaned up and left the tavern together at 2:20AM. August went to his own automobile, 1977 Mercury, which was destroyed in this offense,

and stated to John, "I'll see you tomorrow". John then went to his own car, a 1974 Chevrolet Monte Carlo, and they both drove north on Milwaukee to Kilbourn and then north on Van Buren. He stated

Angie, his father, was driving in front of him and John cut off at about Juneau and went to the all night service station North Prospect and E. North Avenue and got gas. He then went down to the lakefront

and stayed there until about 3:30AM. He then returned home and parked on the street and went to his apartment where he went to bed. He stated he woke up this morning when he heard a loud explosion.

He was told by this unknown person that they thought his dad was there and had left a little after 6AM. He further states that sometimes his dad stays out until the produce comes in at 4:00AM, checks the produce and then comes home to his apartment and sleeps a couple of hours and then goes back to the Produce firm at about 9AM in the morning. He stated this is an usual practice for him on a Friday, because Friday is a busy day at the Produce firm. He states that he has no idea who would want to kill his dad and his dad has never mentioned to him that he got any phone calls or notes or letters threatening his life. I then questioned him regarding the rumor that his father was going to purchase Fasio's Tavern on Jackson Street and he said there was no basis for that rumor, that his father was not interested in Fasio's and has never contacted Fasio to purchase his tavern.

I then asked him about anyone who has contacted him or his father offering to take a piece of the action from the tavern or from the produce firm. He states about two years ago people who owned the Factory Tavern and the River Queen offered his father an unknown amount of money and a piece of the action to turn the tavern, Ritchie's on Broadway, into a queer bar. He stated a majority of their business is in Madison and they do have some accounts in Milwaukee, some long time accounts, but they have had no trouble with them.

At this time Lieutenant Thomas Perlewitz came up from the garage and showed John Palmisano a wristwatch which had been found along side the car, a silver watch with the band broken and asked him if he could identify the watch and John Palmisano examined the watch and stated positively that it was his father's wristwatch. He further stated that his father has a horseshoe shaped diamond pinkie ring which he always wears on his right pinkie finger and a large diamond ring which he wears on his left ring finger. Lt. On Monday, July 3, 1978, we were instructed by Det. Lt. Thomas

On Monday, July 3, 1978, at 7:10 P.M., we went to 1801 N. Humboldt Ave., which is the address of Pitch's Lounge, and interviewed the owner, a Peter PICCIURRO, W/M, Dob. [REDACTED] of 1801 N. Humboldt Ave.

Upon interviewing Picciurro, he informed us that he was unable to contact the person who would be able to give him the real name of 'Teech', but stated that, if he made a few phone calls, he might be able to help us out. Shotely after that, Mr. Picciurro made several phone calls, and came back and told us that he was able to contact this man by phone, but would have to re-check with him to see if this man was willing to talk to Milwaukee Police Officers. Mr. Picciurro was then informed that the FBI would not be informed of this conversation, and Mr. Picciurro later made another phone call, and informed us that this man by the name of 'Teech' was willing to meet us at a tavern on S.

At 7:40 P.M., we went to S. 9th Pl. & W. Ohio Ave., and went into Ashes Tavern, located on the Southeast Corner of that location. Upon entering same, we asked the bartender if a 'George' or 'Teach' was there, at which time he pointed to a White Male, who was seated nearby at a bar, with several other people. We then approached this man and it appeared that he had been waiting for us, and we then asked him if he would step into the back room of the tavern, where we could talk in private. Upon doing same, one of the persons who was with the man, known to us at this time only as 'Teach', yelled out the name "Palmisano". Upon interviewing the person named 'Teach', he identified himself as a George Joseph BEIDATSCH, W/M, Age 41, Dob. [REDACTED] giving a Home Address of 3400 W. Loomis Rd. (Tele. No. 282-9984).

Beidatsch stated that he has been an employee of the Milwaukee School Board, and is a Teacher at Fritsche Jr. High, which would account for the Nickname 'Teach'. Beidatsch then told us that the only information he would give us was that he last saw Palmisano at 3:15 A.M., on Friday, June 30, 1978, and that, if we wanted any more information, we would have to talk to his lawyer. It was apparent that Beidatsch said this loud enough for his friends to hear it, and it was apparent that Beidatsch apparently told his friends

that the Police were coming to talk to him regarding the Palmisano Matter, and it was our impression that Bledatsch is the type of person who apparently likes to impress people. Regarding his knowledge of August Palmisano, Bledatsch stated that he had known the victim, August Palmisano, for approximately five or ten years, and that he has frequented his tavern on N. Broadway. He stated that on the date in question, namely, Friday, June 30, 1978, he had been drinking quite heavily, and could not recall whether or not he was at Palmisano's Tavern prior to going to Pitch's Restaurant. He further stated that he could not recall if he was in Pitch's first, or whether the victim came in first, or vice versa, but did recall that August Palmisano sat at his table and had breakfast with him, and that the last time he saw August Palmisano was at 3:15 A.M., when he, himself, either left first, or Palmisano left first. Again, he stated that he was drinking heavily, and he could not recall exactly who left first. He stated that Palmisano came in by himself, and he feels that he left by himself, and stated that he did not see anyone follow him, or did he know if anyone had met Palmisano outside the tavern. Bledatsch further stated that the White Female that was with him is his girl friend, and he refused to give her name, stating that she does not know August Palmisano, and he may have introduced her to him that night, but she does not know anything, and he does

not want to get her involved. Beidatsch denied having any business dealings with Palmisano, and denied ever gambling with him or knowing anything of Palmisano's business affairs. Beidatsch became somewhat cute during the course of the investigation, and we feel that the fact that he had been drinking was partially the reason for this. In checking his record at our B. of I., after terminating the interview with him, we find that he has a Minor Arrest Record for Possession of Gambling Devices, which consisted of a Football Pool Card, this arrest being on 10/22/55. Subject was arrested outside the New Note Tavern, which is located at 2755 N. 3rd St., at this time, and he was also arrested at that time for a Minor Attempting to Obtain Liquor. The Gambling Device Charge was dropped, and he paid a Fifty Dollar Fine for the other offense. Also, he has an Arrest for Disorderly Conduct, on 10/30/66, where he apparently exposed himself while at 525 W. Wells St. On 9/6/58, he had a Window Peeping Offense, which consisted of looking through a mail slot, and yelling to somebody that he was a police officer. This charge was later dismissed. Beidatsch is not wanted at this time. The auto listed to him is a 1969 Chrysler, with the License No. F40685, with an address of 2555 S. 19th St. This is, apparently, the address of his parents. This address was listed in the B. of I., under all his previous arrests.

Explain in detail what work was done on the case: On Monday, July 3, 1978, we were informed that a Margaret CALLEN had called the Detective Bureau, stating that she may have information which may be useful in this investigation.

At 5:30 P.M., this date, (Monday, July 3, 1978), we interviewed Margaret Rose CALLEN, W/F, Age 70, Dob. [REDACTED] at her home at 1228 N. Milwaukee St. (Tele. No. 276-0543), Apt. #309. Mrs. Callen is retired and lives alone, and she stated that, on Friday, June 23, 1978, at approximately 5:30 P.M., she was waiting on the Southeast Corner of N. Milwaukee & E. Knapp Sts., for her daughter to pick her up, to take her to dinner. This location is approximately one block west of the garage entrance in which the bomb exploded. Mrs. Callen went on to state that, while waiting on this corner, for her daughter, she observed a White Male walking toward her, from the south, on the east side of N. Milwaukee St., and that this White Male walked directly past her, and that, at that time, she did not pay too much attention to this man. He then walked east, on the south side of E. Knapp St., toward N. Jefferson St., and, after walking approximately one quarter up the block, he turned around and started walking back, and walked directly past her. Mrs. Callen went on to relate that, as the man walked past her, she felt that he was trying to hide his face from her, as he turned away from her. Mrs. Callen described this man as being a

Male, (White), 50 Yrs. Old. 5'11", thin bld., well-proportioned, wearing a very expensive light-colored suit, and having well-kept, white, straight hair. She stated that this man drew her attention, at that time, because he seemed out of place in the neighborhood, and that she had not seen him again, but did not get suspicious of this man until she heard the news casts of what had happened approximately one block from her apartment. She further stated that, after hearing the news casts, she decided to call her daughter, and, after doing so, her daughter advised her to contact the Police. Mrs. Callen is somewhat senile and in poor health, and it is unknown, at this time, if there is any connection between this man that she observed and this offense.

This report is being called in for the reason that, in the event Mrs. Callen should call again, she appears to be the type of person that is lonely and likes a little attention. She stated that, if she should see the man in the neighborhood again, she would contact the Police.

We later interviewed Mrs. Callen's daughter, a Cathy CALLEN, W/F, Dob. [REDACTED] Home Address of 2958-A N. 51st St. (Tele. No. 442-1786). She is employed at St. Joseph's Hospital (Tele. On Tuesday, 7-4-78, we, Squad 118 - Early, Detectives William

Marek and James Kelley were assigned the follow-up investigation of the aforementioned offense. On this date at 8 P.M., we conducted an interview with a Mainette Mae Wilson, N/F, dob [REDACTED] of 2337 West Fond du Lac Avenue, above the tavern located at 2337 West Fond du Lac Avenue. Mainette M. Wilson is also known as the "Satin Doll". While conducting our interview with Mainette Wilson, she stated that on Wednesday, 6-28-78, and Thursday, 6-29-78, she had supper with August Palmisano in the evening hours. She went on to state that during her lunch with August Palmisano on those two dates, he did not exhibit any anxieties or concern for his well-being. She went on to state that August Palmisano was the type of person that if something was bothering him, even though it would be quite serious, he would not tell anyone else about it. While we were interviewing Mainette M. Wilson, she several times stated that she feels that one Frank Balistreri, otherwise known as Frankie Bell, was responsible for having August Palmisano killed. She further states that she also feels that Frank Balistreri is the one who was responsible for having the large amount of dynamite placed on Vince Maniaci's automobile while he was at the half-way house located in the 2400 Block of West Fond du Lac Avenue.

Mainette Wilson stated that while she was at the wake for August Palmisano, she did hear some person(s) unknown to her that there was some type of meeting that was to be set up in the near

Mainette Wilson went on to state that it was a regular practice for herself along with Peter Pitch, owner and operator of Pitch's Restaurant and August Palmisano, to have lunch two to three times a week at restaurants in the downtown area of Milwaukee. She went on to state that over the last few months, there were no signs by August Palmisano or Peter Pitch that there was anything wrong or anything bothering either of them. She states that both seemed to be in a complete normal state of mind with nothing bothering them.

Upon completion of our interview, Mainette Wilson, who is the owner and operator of the Satin Doll Lounge located at 2337 West Fond du Lac Avenue, stated that Frankie Bell has gone too far this time. She feels that there are enough people concerned that something may be done about it this time.

On Monday, July 3, 1978, we were instructed by Detective Lieutenant Thomas Perlewitz to attempt to interview the owner of the Satin Doll Tavern, located at 2337 W. Fond du lac Ave., to ascertain if she has any information regarding the victim, August PALMISANO, as many people knew that she was a close friend of the above deceased and also in an attempt to interview or found out the identity of a bartender who works for her by the name of "Lee" or "Bell." This person drives a red, Fleetwood, Cadillac.

On Monday, July 3, 1978, at 9:30PM, we proceeded to the Satin Doll Tavern located at 2337 W. Fond du lac Ave. While there, we observed the owner of the premises behind the bar. She has the nickname of "Satin Doll." She was having an outside barbecue and the tavern was very crowded at the time we attempted to interview her. We later informed the subject that we would like to talk to her and she stated she was very upset, as the victim's funeral was held today and she was alone tending bar. She stated she would be more than willing to talk to us at a later date but that she was too upset and too busy at this point to concentrate on giving an interview. It should be noted that while in the tavern premises we observed two large portraits of the deceased, August PALMISANO, hanging on two back walls of the tavern. It is apparent that she is more than just a close friend of the deceased. We were unable to determine at this time just how close the relationship was. Subject has been

While at the tavern, Anton's Bar, 1686 North Van Buren, we had occasion to speak briefly with Mrs. Germana. At the time of our interview, with Mrs. German, it was quite evident during our interview that she could not say anything to us while Anton was around and it also was quite evident to us that she was quite upset over the death of August Palmisano which was a direct opposite, in our estimation as to the feelings of the husband, Anton Germana, regarding August's death.

We talked to Mr. COLOSO in the "commission row" area after he had completed a run to Madison, and Mr. COLOSO informed us that, in reference to the homicide of his employer, August PALMISANO, the only contact he had with Mr. PALMISANO were strictly business, as he was a driver for the Palmisano Produce Co. In regards to the two checks COLOSO was supposed to have in his possession, that were August PALMISANO's checks, COLOSO informed us that he did receive several checks from customers, made out to August PALMISANO, but he had since instructed his clients on the route to have these checks made out to the estate of August PALMISANO so that proper probate procedures can be observed. He was advised to do this by the bookkeeper for the produce company, Mr. Gene KOENEN. By putting these checks into the form of payable to the PALMISANO estate, they could use this money for business purposes to operate with. Mr. COLOSO could not provide us with any other information about the activities of Mr. PALMISANO or possible reason for his death. He could not, or would not, tell us anything further about what PALMISANO may have been involved in, though he was very polite to us. His information about the dealings at Palmy's Tavern, and the produce business was very sketchy.

We thanked Mr. COLOSO for his co-operation and our interview was then terminated.

On Tues., Jul. 11, 1978, we were able to determine that a Theodore OLLA has been staying here in the City of Milwaukee, and that he has been here for some time, possibly visiting with a girlfriend, his mother, and his ex-wife. We obtained information that Ted OLLA was here from Las Vegas, Nev., where he spends the winter months, due to a health problem.

At approximately 12:30PM, date, we had a meeting with Mr. OLLA at the home of his ex-wife at 2939 N. 55th St., his ex-wife's name being Mary. When we interviewed Mr. OLLA there, he stated that he has been in the City of Milwaukee for approximately 3 months, is presently employed as a cab driver for the Milwaukee Veterans Cab Co., and intends to remain here until the fall of 1978, when he will return to Las Vegas because he is suffering from rheumatoid arthritis, and it causes him such trouble that he has to go to a drier climate in order to stave off the constant pain that accompanies this ailment.

Regarding the information submitted by P.O. Thaddeus Makowski, pertaining to his contact with Theodore OLLA, we learned from OLLA that he has been staying with a girlfriend in Apt. 217 at 1319 N. Jackson St. On the morning in question, 6-30-78, he left the residence at approximately 6:15AM, removed his girlfriend's car, a 1973 Oldsmobile 2-door, white over green, bearing license L29-219. He states that he did not know August PALMISANO, other than to say "hello" to him, that from the information he received about August PALMISANO, he stated that he, PALMISANO, was not the type of individual he would care to get to know too well.
